ORTHOALLIANCE EXPANDS AGAIN BY ADDING ANOTHER ORTHOPEDIC PRACTICE IN CENTRAL OHIO

CINCINNATI – OrthoAlliance (OA), one of the country's leading orthopedic management services organizations, has announced a new partnership with Zanesville, Ohio, based Orthopaedic Associates of Zanesville (OAZ) that will add three physicians to OA's expanding network.

The partnership will enhance Orthopaedic Associates of Zanesville's success and comprehensive approach to delivering individualized, compassionate bone, joint, and muscle care to more patients throughout Central Ohio.

"The physicians at Orthopaedic Associates of Zanesville are excited to join OrthoAlliance, the Midwest's most prominent orthopedic network. We felt like now was a great time to formally align ourselves with other like-minded providers so that we can continue our mission for decades to come," said Dr. Benjamin Pulley.

Based in Cincinnati, OA is a management services organization formed in partnership with leading Midwest physician practices and Revelstoke Capital Partners, a Denver-based private equity firm. The company is building one of the country's leading orthopedic management organizations, providing operations, marketing, and patient experience expertise and resources to partner practices working at the forefront of life-changing advances in orthopedics and sports medicine.

In just the last few years, OA has grown quickly to nearly 100 physicians and 1,300 employees.

"At OrthoAlliance, we continue to build a network of like-minded orthopedic and sports medicine experts who are passionate about our mission to provide patients instant access to high-quality and low-cost care." said OA CEO Andy Blankemeyer. "We are proud to welcome Orthopaedic Associates of Zanesville to the OrthoAlliance family. Under this new partnership, Orthopaedic Associates of Zanesville physicians will continue to deliver their patients with the high-quality care they have provided for over 50 years. We are excited about the future of our new partnership and the future of outpatient orthopedic medicine in the region."

Patients will experience no changes in the doctors they trust or the services they rely on from Orthopaedic Associates of Zanesville. Patients will benefit from greater access to the latest

surgical and medical advances as well as additional resources and investment as we move into the future.

"With this partnership, and OrthoAlliance's proven track record, we will be able to expand while creating new career and development opportunities for our employees," Dr. Pulley said.
